“From February 15 through March 27, a first-time ever joint venture special event took place in Alaska, the Yukon, the Northwest Territories and Nunavut. On all modes and most HF bands, members of the North Country DX Association (NCDXA) signed as KL7RST, VY1RST, VE8RST and VY0RST. Talented northern Amateur Radio operators were there for those who wanted to work a rare grid, island or county, or who needed a certain mode or band for an award or just wanted to say hi. This story is but part of the celebration.”
