

# RAC Canada Day Contest 2017 Results: Updated April 27/18

**Bart Ritchie, VE5CPU and Sam Ferris, VE5SF**

2017 saw the celebration of Canada's 150th Birthday or Sesquicentennial and on July 1 we once again celebrated Canada Day with our usual summer Canadian contest.

Falling on a Saturday this year provided greater opportunities for even casual contesters to spend some time exchanging QSOs with folks in Canada and around the world. With over 570 participants it was the best ever turnout in recent years despite the poor propagation conditions, a major challenge to those outside of North America. For those who persevered through the poor propagation, our thanks for your support!

Despite challenging conditions in terms of propagation, we should note that Radiosport Manitoba, using the VE4RAC call sign, set a new Canadian record for Multi Op, Single Transmitter, High Power (MOSTHP). Great job by Ed and the team in setting the new record.

As part of the Canada 150 Celebrations, Radio Amateurs of Canada secured permission for all Canadian Radio Amateurs to use special call sign prefixes beginning with CF, CG, CH and CI and those are reflected in the following results. In addition, RAC organized a special RAC Canada 150 Award Program and this raised the profile of the RAC call signs which are always a part of the RAC Canada Day Contests (see page 50).

With that bit of introduction, on with the detailed results!

We appreciate all the Cabrillo formatted logs, but encourage you all to check to make sure all the pertinent information is correct in the Cabrillo headers. Not all of you are getting the correct entry classes entered in the header due to limitations in your software. Please make sure you are using the most current version available.

The RAC Contest Management Team continues to get the results out as quickly as possible with as much accuracy as we can. In the event we have let any errors in, please accept our apologies and be assured we will be happy to correct any problems that are identified and publish any updates on the RAC website at <http://wp.rac.ca/contesting-results/>.

## CANADA DAY CONTEST 2018

The Contest Managers are looking forward to next year's event on Sunday, July 1, 2018 and hope to see increased participation. Please join us as it is a great way to spend part of the Canada Day holiday! The RAC website at <http://wp.rac.ca/contesting-results/> has all the contest rules and entry forms.

A Cabrillo-formatted electronic log submission really helps to manage the work to compile the contest results. Although we encourage electronic logs, we will continue to accept paper logs for small entries (less than 100 contacts). If you are not submitting a Cabrillo log, we ask that those entrants include a summary sheet providing the required information and, where possible, a breakdown of VE, RAC and DX contacts as well as the multiplier total. This will make compiling and checking of logs a bit easier and aids to a quicker turnaround of the results. As a reminder, when submitting email entries, please make the subject line meaningful. Our preference is "Call – Category – RAC Canada Day". For example: VE5CPU – SOABHP – RAC Canada Day.

To everyone who helped make this year's contest special, a big thanks! We hope you enjoyed the event! Good luck in the 2018 RAC contests.

– Bart Ritchie, VE5CPU and Sam Ferris, VE5SF

# RAC CANADA DAY CONTEST 2017 SOAPBOX

**CF2WFD:** Happy Canada Day. Happy Sesquicentennial!

**CF3CCO:** A pleasure to participate in Canada's 150th with my friends!

**CF3RKM:** K3, 75 w, verticals and dipole. Lots of fun, as usual!

**CF7RR:** W7DUM insisted that my signal report was "79" and I have logged it as such.

**CG3KTB:** Minimal time to participate due to graduation related celebrations and a problematic CO sensor!

**CG3USP:** No propagation on 160 this year. It was still lot of fun!

**DL0ESA:** Happy Canada Day from the European Space Agency!

**G3LIK:** Some dreadful conditions which made me give up. The MM contest did not help. Only heard 4 Canadian stations all day. Good to have SD for logging.

**G3VAO:** Awful Conditions – Made worse by so few NA stations looking towards EU – Those that I heard were all solid 59. The contest seems to be changing to a NA works NA contest. Pity as it's a good one. With luck I'll be back next year.

**JI1TSH:** I enjoyed the contest.

**K1AUS:** Severe fading. Worked most of the stations I heard over a 4-hour period. There were several minutes at a time I did not hear anyone on any band. Thanks for having the contest.

**K2BCM:** Happy Canada Day! 150 years!

**K2CYS:** I feel like the guy in Jurassic Park who waited outside the T-Rex cage waiting for something to happen. Nothing did. The bands were terrible this year. Not a VE4, VE5, VE7 or any maritime on 20! And don't get me started about 80!

**K6KQV:** Congratulations to all on Canada's 150th anniversary.

**KE0TT:** K3/10 at 5 watts to a pair of selectable broad band dipoles up about 40' to 45' fed with ladder lines and tuners. Happy Canada Day! Enjoyed the activity and band openings, from 80 to 10 m. Thanks to all who dug out my QRP sigs. I appreciate your patience and skills. See you next time, 73, Dan ke0tt, QTH MN

**KF3G:** Portable QTH – FM29jw [(16 Canadian QSOs \* 10) + (6 Special Canadian Stations \* 20) + (30 Non Canadian Stations \* 2)] \* 9 (Provinces / Territories) = 3060 Total Score. I enjoyed the Event very much; thank you for providing it.

**KF4QFJ:** Happy Canada Day! I enjoyed contesting for the first time in a Canadian Contest with use of CW Mode Only. Overcast in my neck of the woods with addition of QRN. So, Big Thank You to the CW operators whom I made QSOs and those whom patiently made several attempts at a QSO; but no cigar for us! Also, Thank You To Organizers! -Good DXing and 73!

**KM4SII:** @ KJ5Y. 14 year old operator.

**KN4Y:** I have participated in many July 1 Canada days. This, so far, has been the most fun contest. Happy Birthday Canada and the Hamilton ARC 85th Anniversary.

**K3TW:** Many thanks for another enjoyable RAC Contest. Happy Canada Day!"

**KS7T:** Heard some guys back east with hundreds of Qs. The prop gods were not that kind up here. Scattered sigs heard on this end so just gave out a few points just for fun.

**N1HO:** Operated from my summer QTH in western NC barefoot with wire antennas and my K3/100.

**N1NN:** 11th Canada Day Contest.

**N2MA:** Enjoyed contest! 1st Canada Day Contest for me. I'll be back.

**N4JBN:** Fun with the family!

**N4PN:** Great contest and celebration... Thanks to all... It was great!!

**N8MWK:** Great having the contest fall on a Saturday.

**NC4MI:** Fun contest. My first time. 10m and 15m were dead in the mountains of NC. Look forward to next year. 73 es tx to everyone.

**XE2N:** Great time to try to contact to Canada and celebrate with us this day ;-)

**PE2K:** Dear OM/YL, great time with DXing with QRP 5 watt and a dipole, 73 Adriaan PE2K.

**VA2LGQ:** I had a bit of fun.

**VA2RAC:** VA2RAC was operated at VA2EW with 4 radios and 3 amplifiers.

**VA3HNK:** Many thanks to VE3MLB for his hospitality and preparing the station.

**VA3IX:** another great contest

**VA3QWW:** lots of QRN

**VA3TYB:** First contest. Tried it while camping and QRP.

**VC3C2C:** Another great RAC Canadian contest for the 150th Birthday of Canada. We enjoy this one at the Hamilton Amateur Radio Club Contest Group. We usually use VE3DC but had the privilege of using the special event call of VC3C2C issued to us by Industry Canada (ISED). It was great weather on the Friday night and good on the Saturday except for the three times it rained and thundered, definitely announcing the 150th Birthday of Canada. A few had difficulty with the call, but many did not, especially when they knew it was for Canada's Birthday. Thanks to all that worked us and to the great operators that participated. 73 Rick VE3BK; Vistors: VA3DJ & His Dad Joe.

**VE3BR:** Enjoyed the contest. Thanks for the Qs. Happy Canada Day!

**VE3DMR:** Still waiting for Mother Nature to make the sun get the lead out!!

**VE3YX:** Good way to spend a rainy Canada Day!

**VE4CEM:** Recently certified operator. Spent a week's vacation building and installing a multi-band inverted-V on the house and setting my station; just in time for the contest. This was my first contest running my station, it couldn't have been better! Looking forward to more! 73 VE5RAC: thanks for the fun and the use of the VE5RAC call sign 73 Summer.

**VE6PLC:** Another fun Canada Day Contest. Thanks RAC!

**VE7JH:** Beautiful summer day to operate portable from the Cowichan Valley Amateur Radio Society's mountaintop repeater site on Vancouver Island. Thanks for all the QSOs and HPE CUAGN 2018!

**VE7JKZ:** Hard going with the poor propagation. Missed out on many Qs on 80m when the antenna decided to give up on me. With relays and L networks in the matching system working in the dark was not an attractive option. Had enough of that in my working days.....

**VE7MR:** Happy Canada Day!!!!Thanks You All!!!

**VE7NA:** Like all Canada Day & Winter Contest Canada 150 was a great way to spend Canada 150 Day.

**VY1KX:** I enjoyed the contest very much. It was a nice way to celebrate Canada's 150th birthday.

**VY2RAC:** Happy 150th Canada! What better way to spend Canada Day and the last operation at VY2LI after 38 years. 73, Bill

**W2UDT:** heavy QRB+N all day. Thunderstorm and rain for one hour. No prop.

**W4LID:** Happy Birthday Canada! 73 de W4LID.

**W9RE:** Great to work so many Canadian stations!

**WB8JUI:** Happy Canada Day 150!

**WQ6X:** This was another last minute remote operation from NX6T (aka "Nashville") in Fallbrook. Equipment included an Elecraft K3 running barefoot into a 3-el Stepp-IR and 2-el for 40, with an inverted Vee for 80 – all 15mh. Throughout the 24 hours I managed to sneak in pockets of operation. Before I knew it WQ6X passed the 100 QSO mark and then 150. Unfortunately not enough of them were Canadians. Because I ran a frequency much of the time, it was nice to receive calls from VE8, VE9 & VY1. Where were the alleged VY0's? Read the contest write-up at: <http://wq6x.blogspot.ca/2017/07/>.

**VE1/N8GU:** Happy Canada Day from Halifax, Nova Scotia.
